INFORMATION ABOUT THE ECOVADIS CSR RATING METHODOLOGY

The objective of the EcoVadis Corporate Social Responsibility (CSR) Rating methodology is to assess the quality of a company's CSR management system – through its policies, implementation measures and results.

The assessment focus on 21 issues which are grouped into 4 themes, i.e. environment, labor & human rights, ethics, and sustainable procurement. The 21 issues or criteria are based upon international CSR standards such as the Global Compact Principles, the International Labour Organization (ILO) conventions, the Global Reporting Initiative (GRI) standard, the ISO 26000 standard, and the CERES principles.

The assessment of a company's CSR practices is performed by EcoVadis team of Sustainable Development experts. The analysts consider not only the answers to a comprehensive questionnaire, but more importantly the documentation provided by the company being assessed, e.g. certificates, policies etc. Further information can be found at <http://www.ecovadis.com/>.
