INFORMATION ABOUT THE ECOVADIS CSR RATING METHODOLOGY

The objective of the EcoVadis methodology is to measure the quality of a company's sustainability management system through its policies, actions and results.

The assessment focuses on 21 sustainability criteria that are grouped into four themes: Environment, Labor & Human Rights, Ethics and Sustainable Procurement. These criteria are based on international sustainability standards such as the Ten Principles of the UN Global Compact, the International Labour Organization (ILO) conventions, the Global Reporting Initiative (GRI) standards, the ISO 26000 standard, the CERES Roadmap, and the UN Guiding Principles on Business and Human Rights, also known as the Ruggie Framework.

During your company's assessment, our sustainability analysts consider only the criteria which are relevant to your company's size, industry and location. They will take into account the information provided in your company's questionnaire and the attached supporting documents.
